Sanchar Bhawan,
20, Ashoka Road,
New Delhi-01.

**Sub: Regarding Satellite phone service for Railways for management of
Railway accidents/disasters.**

Kindly refer to your letter no. 800-82/2012-CSI dated 15.11.2012 regarding MHA's permission to Railways for use of 350 satellite phones for management of accidents/disasters.

In this letter DoT had informed that BSNL had been advised to explore the possibility of setting up satellite phone services in the country. As the satellite phone service are very essential in Railways for management of accidents/disaster and with its current fleet of satellite phones(Mini-M) completing their useful life soon, it is requested that a time frame may kindly be intimated regarding when these services shall be started by the Government of India.

This will enable Railways to plan its accident communication service.
