File no.:- 2020/Tele/TCM/1

11.05.2023

Managing Director
CRIS

Subject:- Credentials for checking the correctness of coach composition cum orientation data entered at stations by Zonal Railways.

Reference:- Meeting held with CRIS Officials on 03.05.2023.

A meeting was held with CRIS officials on 03.05.2023 in which the issue regarding wrong display in coach guidance system due to engine reversal was discussed. CRIS team informed that the correct coach data after engine reversal information is available in NTES when using API based integration if the engine reversal information is correctly fed by the originating station.

Hence for checking the correctness of the data fed by the originating station CRIS is advised to create and share the credential details for viewing the coach composition by Zonal Railways. The credential may be shared at edtd@rb.railnet.gov.in and dtele@rb.railnet.gov.in at the earliest.
