No.2020/Tele/15(10)/1(3328227) New Delhi, Dated : 02.06.2022

**General Manager (S&T),  
All Indian Railways.**

**Sub: Creation of Ping Server for monitoring of Telepresence services.  
Ref:Board's minutes of Meeting with RailTel vide No.C-22011/1/2021 dated  
27.05.2022 (Item No.9)**

Video Conferencing services hired from RCIL, are being extensively utilized in Railways. Many important meetings chaired by Hon'ble MR/MoSRs, Board Members, nowadays are being held through VC. These VCs are currently being monitored at RCIL NOC for their smooth conduct.

Presently there is no mechanism available with Railways for monitoring the network connectivity with RCIL NOC for the VC services and a demand for same was raised had been raised by Railways in the past. Accordingly RCIL has created a network test/Ping server with IP 172.20.237.22 and installed at Gurgaon.

Railways are requested to utilize the above test Server for monitoring the network connectivity of VC services from remote end.
