Sub.: Provision of 25W VHF sets on stations.

Board. have decided that on all double-line BG sections, where mobile communication between the drivers/guards and Station Masters is not available, block stations should be provided with 25W VHF sets under Revenue Grant, on top priority. This will enable communication between drivers/guards, who have already been provided with 5W Walkie-Talkie sets, and nearest Station Masters. Accordingly, you are requested to procure and provide sets on the stations at the earliest. Necessary arrangements for charging of batteries at the stations and other logistics may also be set up.

Railways may arrange for provision of funds under Revenue by suitable re-appropriation.

This issues with the concurrence of the Finance Directorate of Ministry of Railways.
