Sub: Wi-Fi Dashboard for Railways on Railnet.

Ref: Minutes of Meeting held on 20.05.2022 vide Board's letter No.C-22011/1/2021-DIR-TELE (3375015).

Wi-Fi facilities are being availed by passengers at more than 6100 stations. The working of Wi-Fi needs to be monitored by Railways in coordination with RCIL for smooth functioning. Accordingly RCIL has created a Wi-Fi Dashboard for monitoring the working of Wi-Fi APs/equipment on **Railnet IP 10.50.16.100**. Daily Railway wise/Division wise reports for working of Wi-Fi at stations are being generated in both excel and pdf format on this dashboard. A training through VC for understanding these reports was also conducted by Railway Board on 06-05-22.

In view of above Railways are requested to utilize the above Wi-Fi dashboard for daily monitoring of Wi-Fi at stations.
