No. 2021/Tele/11(7)/2 (e-Office 3377953)

Dated: 04.04.2022

Director General,
IRISET,
Secunderabad.

Sub: Study for migration of Railnet from IPv4 to IPv6

It is understood that networking devices currently being used in Railnet are IPv6 capable. It is therefore desired that IRISET setup a test LAN in its lab for studying the ramifications of migration of Railnet LAN from IPv4 to IPv6 in a dual-stack arrangement.

The report for the same may kindly be submitted to Board by 25th April, 2022 so that further decision regarding migration of Railnet from IPv4 to IPv6 can be taken.
